

The Official Liberty Bell Games App

June 11, 2015

We are proud to have been an essential part of the 7th Annual Liberty Bell Games!

The response and feedback for the official Liberty Bell Games app was incredible. Parents, coaches, and players used it extensively for unique features such as real-time score tracking and complete tournament statistics. We expect to see many of the organizations involved using it for their own teams and look forward to those partnerships.

“The focus of the Liberty Bell Games is nothing less than emphasizing our talented players. An integral part of our initiative, first and foremost, is to provide our players with a unique opportunity to be recognized and evaluated by our attending Scouts and Coaches.

iTeamz made it possible for anyone interested in the Liberty Bell Games, attending or not, to stay connected with the action. Their convenient smartphone app was key to making all the player and team stats readily available, and the score tracking was just what we needed to connect everyone. Now our fans wouldn't miss a beat.”
